## Experience

### **Owner, UX/UI Designer & Web Developer**

**Shawn Meek LLC**  
Denver, CO | Remote  
August 2013 – Current

Designing and developing websites, mobile apps and digital products for nonprofit, medical, and tech start-up clients. Specializing in UX/UI design, prototyping, and product development. Collaborating effectively with agencies and stakeholders.

### **Associate Professor & Program Coordinator Metropolitan State University of Denver Communication Design Program**

Denver, CO | Hybrid  
August 2016 – Current

Lead and manage a team of faculty in a NASAD accredited design program, overseeing curriculum development, budget, facilities, and student affairs. Authored eight courses, including five specialized in UX/UI design, and teach four courses per year.

### **UX/UI Educational Consultant Penn State University, Office of Digital Learning**

State College, PA | Remote, Contract  
February – July 2019

Created two UX/UI courses for online program and curriculum. Collaborated as an external consultant with project managers and faculty to emphasize proficiencies in software and user-centered design methodologies.

### **Product Designer, Participant & Finalist Colorado BIC, Go Code Colorado 2019**

Denver, CO | Hybrid  
January – June 2019

Collaborated with a team of developers to successfully launch a mobile product for a statewide apps building competition. Led the product lifecycle, including wireframes, user flows, and development of low and high-fidelity prototypes to final deployment.

### **Assistant Professor, Graphic & Interactive Design Fort Lewis College Communication Design Program**

Durango, CO | On-site  
August 2013 – July 2016

Taught courses in UX/UI design, web development, print and packaging design within multidisciplinary design program. Authored two courses and taught six courses per year. Advised student affairs and assisted in establishing the Communication Design program.

### **UX/UI Designer & Web Developer BradfordLawton**

San Antonio, TX | On-site  
August 2010 – June 2013

Contributed to team-based initiatives by designing, developing, and managing websites for three national clients, serving as lead UX/UI designer and web developer. Provided solutions and implementation of design systems for a variety of digital products.

### **Senior UX/UI Designer & Web Developer Causality**

San Antonio, TX & Seattle, WA | On-site  
August 2008 – August 2010

Led a design team in managing diverse print and web design initiatives. Fostered all stages of product lifecycles, including user flows to design systems for brand alignment across multiple platforms, for nonprofit organizations.

### **UX/UI Designer & Web Developer Clockwork Studios**

San Antonio, TX | On-site  
August 2006 – August 2008

Created design solutions for diverse users across the education, publishing, and healthcare industries. Contributed to team-based initiatives from conception and brainstorming to final implementation of digital campaigns and web product launches.
